Sketching  
Web illustration  
Storyboarding

## Work experience

### EuVsVirus pan-European hackathon

Organized by the European Commission - Europe - April 2020

Took part in one of the world's biggest hackathons, addressing the Covid-19 epidemic's issues and conceived an app to encourage social distancing in 48 hours.

### Théoriz Studio - Lyon, France

Internship as a UX-UI designer - July to September 2019

Participated in the design and production of the Genesis mapping show at the 2019 Lyon Festival of Lights. Also created three websites with WordPress and imagined the UX and UI of an immersive and interactive room for a science and art workshop in Grenoble.

### Hackathon for Renewable Energy - Nantes, France

Organized by Atlansun and EPSI - March 2019

Designed an app in 48 hours to reduce La Poste company's ecological footprint, based on a deep data analysis, in collaboration with energy engineers and developers.

### TEFAL (SEB) - Rumilly, France

Internship in the Design department - May 2016

Discovered the designer's job in a cookware multinational company. Took part in the team's meetings, and designed a creative pattern for a pan.

## Education

### Edinburgh College of Art - Edinburgh, UK

MA Design for Change - September 2020 to August 2021

Studying on a Master's degree addressing world's social, environmental and technical issues with sustainable, systemic and inclusive Design approaches. For my dissertation, working on families' consumption of fermented food through schools in Scotland.

### L'Ecole de Design Nantes Atlantique - Nantes, France

Bachelor's Degree in Interaction Design and UX-UI - 2017 to 2020

Adopted the Design Thinking methodologies and a user-centred approach, and learnt to design and develop functional prototypes of websites and applications. Launched a collaborative and interdisciplinary co-learning platform for students during lockdown.

### Lycée Vaugelas - Chambéry, France

International Baccalauréat (OIB) - 2010 to 2017

Equivalent to a British A Level. Provided me with a strong understanding of multicultural contexts.

## Additional experience

### Collectif 404

Student Organisation for Design - 2019-2020

Participated in the organisation of a Design hackathon during lockdown.

### Student Union's international department

At L'Ecole de Design Nantes Atlantique - 2018-2019

Organised integration and design-oriented events for the school's students and the year's gala.

### 5 years of scholarship in Brazil and Poland

2005 - 2010

Lived 3 years in São Paulo and 2 years in Warsaw.
